TVARAN 2K20 PUBG TOURNAMENT :

MODE

1.SOLO

2.SQUAD

MAPS

1.ERANGEL

2.SANHOK

3.VIKENDI

NOTE:-

Competition Rules

• Participants should have a proper team Name.

• Players can only use the registered account and that account can't be changed throughout the tournament.

• Each team must have FOUR (4) players [SQUAD]. Every member must be available throughout the duration of the entire tournament.

• Emulator players are strictly prohibited.

• Servers will be restarted in the event if four(4) or more than four(4) players from different teams are kicked from the server before the start of the match, or two (2) or more than two(2) players from the same team are kicked from the server.

• Match will be restarted if the settings of the server are incorrect.

• Cheating is strictly prohibited. As a condition of their participation in the tournament, players agree to refrain from manipulating the game files in any way, using of any unapproved game modifications, programmes, or any other methods that give one an unfair advantage over another player. The definition of cheating will be determined by the organizers where applicable.

•Point table:-

SQUAD			
Rank	Point	Rank	Point
1	500	8	180
2	365	9	160
3	315	10	145
4	280	11-12	130
5	250	13-15	115
6	225	16-20	100
7	200	1 KILL	20

•Winner will be decided whichever team or player score highest point in total matches played in the final round.

•The player who gets maximum kills in the whole tournament gets an exciting prize.

The use of items not obtained through PUBG-approved in-game methods (excluding official rewards) or unannounced items is prohibited. If players violate this rule, it will be treated as hacking. The team will be disqualified from the tournament. The individual will be banned from the competition.

•In Squad, there will be two rounds to find the winner,1st will be the qualifying round from where the top 20 teams go to the final round of the tournament. Both rounds consist of 3 matches, the maps will be revealed at the time of the event.

• In Solo mode, three matches will be played to find the winner.

Cheating and Penalties

All third party assisting software that changes the game content (e.g. crosshairs, game interface, SFX, speed, game screens, etc.) are prohibited during the tournament. If players violate this rule, it will be treated as hacking. The team will be disqualified.

NOTE-

*Number of qualifying rounds may change according to the number of teams

*Matches will be played only in TPP.

*Maps can be changed at the time of the event, so download all the

maps before the Tournament.

* Rules may be changed/modified. Please be updated on the website.
